RPM strives to be the premier manufacturers representative of electric motors and related products. Our goal has always been complete customer satisfaction. We will continue to offer friendly, reliable service and ensure that our products meet or exceed design and application expectations.

Our principals offer numerous products across a wide range of categories, and we pride ourselves on our ability to help you select the right product to fit your needs.

Avtron

- Offering industrial encoders, incremental and absolute encoders, with Severe Duty and Heavy Mill Duty ratings, with Explosion Proof and ATEX ratings, mounting options for hollow-shaft, c-face and foot-mount, stainless steel options

Benshaw

- Offering solid state reduced voltage electric motor control, motor protection and variable frequency drives, as well as motor controls from 208 V through 15 kV with horsepower ranges from fractional to 60,000 hp

Bonitron

- Offering solutions for AC drives, overvoltage, undervoltage, common bus, power quality and line regeneration

Frizlen

- Offering flat and tubular resistors, IP54 and IP67 type enclosed resistors and wire round potentiometers

HBC Radiomatic

- Offering radio controls for industry, hand held controls, belly boxes, specialty and custom controls, overhead cranes, construction cranes and solutions for material handling, mining, mobile equipment and conveyors

Hyundai Electric

- Offering induction machines (2300-13.8kV), "Drop-In" replacements or retrofits, and solutions for power generation, water & wastewater, oil & gas and pulp & paper

Reuland

- Offering specialty motors, elevator flange & foot mounts, crane & hoist solutions, Navy-MIL solutions, Marine solutions, nuclear solutions, brakes and couplings, high speed and partial motors, synchronous/PM AC motors, inverter and vector duty motors as well as custom designs

J.R. Merritt Controls

- Offering operator chair systems, joysticks and custom controls for crane and machine control

Tatung

- Offering low voltage NEMA frame motors, US inventory, NEMA premium efficiency, IEEE-841, Hollow and Solid Shaft Vertical Motors, Stainless Steel and Crusher Duty motors

Trans-Coil International - (TCI)

- Offering line and load reactors, passive and active harmonic filters, dv/dt filters, sine wave filters

T-T Electric

- Offering DC & AC Square Frame motors up to 3000 hp, DC mill duty motors, NEMA & IEC designs, ATEX motors, full stock of IEC motors in both IE2 and IE3 efficiency levels, motors with IP23 and IP55 ratings, and low inertia high performance designs
