Exclusive
Representatives for

Mercer RPM strives to be the premier manufacturers representative of electric motors and related products. Our goal has always been complete customer satisfaction. We will continue to offer friendly, reliable service and ensure that our products meet or exceed design and application expectations.

Our principals offer numerous products across a wide range of categories, and we pride ourselves on our ability to help you select the right product to fit your specific needs.

Benshaw Applied Motor Controls

- Offering solid state reduced voltage electric motor control, motor protection and variable frequency drives, as well as motor controls from 208 V through 15 kV with horsepower ranges from fractional to 60,000 hp

Bonitron AC VFD Accessories

- Offering solutions for AC drives, overvoltage, undervoltage, common bus, power quality, line regeneration, and maintenance capacitor reformers

Dynapar Encoders

- Offering the worlds broadest range of encoders, resolvers, and accessories in motion feedback control on customized system solutions for virtually any heavy-, industrial, servo-, or light-duty application

Hyundai Electric LV Crown Triton Motors

- Offering drop-in low voltage NEMA frame motors with US inventory in Wisconsin, Texas, & Georgia. Severe Duty, IEEE-841, & Explosion Proof AC electric motors from 1HP-900HP

Hyundai Electric MV Motors

- Offering induction machines (2300- 13.8kV), "Drop-In" replacements or retrofits, and solutions for power generation, water & wastewater, oil & gas and pulp & paper

Reuland High-Performance Electric Motors

- Offering specialty motors, elevator flange & foot mounts, crane & hoist solutions, Navy-MIL solutions, Marine solutions, nuclear solutions, brakes and couplings, high speed and partial motors, synchronous/PM AC motors, wound rotor, inverter and vector duty motors as well as custom designs

SHB Brakes

- Offering thruster, drum, and disc brakes that are used as service, emergency stop, and holding brakes that go up to 20,000nm / 15,000ft./lbs.

T-T Electric DC & AC Motors

- Offering DC & AC Square Frame motors up to 3000 hp, DC mill duty motors, NEMA & IEC designs, ATEX motors, full stock of IEC motors in both IE2 and IE3 efficiency levels, motors with IP23 and IP55 ratings, and low inertia high performance designs

Tatung Electric Motors

- Offering low & medium voltage fully customized 3-phase motors: IEC Frame, NEMA frame, Pre-NEMA frame, NEMA premium efficiency, IEEE-841, hollow and solid shaft vertical motors, Stainless Steel and crusher duty motors

Sales Location: Evansville, Indiana
